However, all proposers/contractors are advised that the exemption does not extend to childcare workers as defined by the Ordinance: “An employee whose work on an agreement involves the care or supervision of children 12 years of age and under”.

(3) RFP Budget Form# 3: RFP Budget Detail (Tab: #3_Detail)

In the appropriate columns, enter ESTIMATED COSTS BY LINE ITEM.

   If applicable, compute depreciation or use allowance for owned property used for this project. A depreciation schedule must be attached.

   Identify and include any related facility costs as separate line-items. This may include, but not limited to, utilities, janitorial and security expenses.

This agency is responsible for negotiating and approving indirect cost rates for the organization on behalf of all federal agencies. Approval of an indirect cost rate is formalized by a rate agreement signed by the authorized representative of the cognizant agency and the organization.

Proposer must provide a copy of the letter of approval from the cognizant federal agency if proposing to charge Indirect Costs in this RFP.

If proposer does not have a currently approved indirect cost rate, if awarded, proposer must submit an Indirect Cost Rate proposal to a federal cognizant agency or to the City of Los Angeles to have an Indirect Cost Rate approved.
